**Subject:** Uber in SC

To Whom it May Concern,

Please reinstate UBER in SC! For the first time, I felt safe taking a cab. I've used Uber more than a handful of times since October in Charleston, SC. I have never felt in danger. I feel comfortable because I know I don't have to handle money in the car with the driver because it is done in the app on my iPhone. Uber is a reliable service and I hope that you can see the benefits of Uber being in SC. Uber provides safe transportation and it also keeps people from drinking and driving, which is a HUGE problem in this state. I have been in downtown Charleston when the bars have closed and waited an additional TWO hours to find a cab. There were NONE available. That only provokes some to get behind the wheel anyways. With Uber in SC, it will provide more taxi-cab services as well as keeping people safe on the road.

To whom it may concern,

I am very upset that Uber is no longer an option for me. I depended on Uber to get home safely and affordably. Charleston has always had an issue with reliable and affordable transpiration. That is until Uber came along. Every time I used Uber the drivers were friendly, their cars were nice and clean, and I reached my destination quickly and safely. Please reconsider your decision. Sincerely, Katie Penta
